BDE

The TSE Student Association

The main mission of the Bureau des Élèves (BDE) is to animate student life at the school, bring students together and create unforgettable memories. We centralize community life and represent you to the administration.

Our BDE is at your service to facilitate your integration, whatever your background, and to set the pace for life at the Toulouse School of Economics.

We organize a multitude of events throughout the year. Our most popular events are the Integration Weekend (WEI), the Ski Weekend (WES) and the Gala. We also organize a number of parties in partner bars well known in Toulouse student life, such as the Integration, Halloween and Post midterm exam parties.

The BDE is also about culture and the arts. We offer cultural outings (cinemas, museums, etc.) and creative workshops (painting, embroidery, etc.).

Last but not least, every year we offer a range of goodies (sweatshirts, T-shirts, water bottles, tote bags) for sale, so that everyone can proudly represent our school.

For more information, visit our Instagram profile. Don't hesitate to contact us if you'd like to get involved in our association or suggest projects and events.

Say It Aloud

Say it aloud TSE is a student association which aims at giving students the floor. It is about making them feel comfortable while speaking and widening the economic frame provided by the School by addressing other themes.

Every year, the association organizes conferences on various topics such as new methods in agriculture, secularism or bitcoin. The subjects are chosen as a team, and the same team is responsible for organizing a timely and dynamic lecture for students (but not only!).

Say it aloud TSE also sets up public speaking workshops to make students more comfortable so that they can develop and perfect their personal style. In addition, the association is part of the French Federation of debate and thus, it participates in the competition the Federation organizes every year. This is a team training: friends of the rich and spontaneous speech, courage, words and ideas: Join Say it aloud !

Junior Etudes

TSE Junior Etudes belongs to the Junior Enterprises movement, the first French student movement gathering more than 200 Junior Enterprises. These associations put companies and students in contact by carrying out rewarded studies.

TSE Junior Études sells its services in Macroeconomics, Environmental Economics, Industrial Economics, and Data Analysis, which are the skills acquired at the end of the training provided by TSE.

Within TSE Junior Études, two forms of involvement are possible:

- As an active member to participate in the management and development of the association. Each one can invest in a specific pole: Communication, Commercial Development, Treasury, Follow-up of studies, Audit-Quality or Office.
- As a punctual contributor on various missions, related to the fields mentioned above. The contributor is rewarded an amount fixed at the beginning of each study. This is the perfect opportunity to put your theoretical knowledge into practice.

Being a member of TSE Junior Etudes means participating in an ambitious project carried by a motivated team. It is of course an asset on the CV, but it is above all an enriching experience both on a professional and human level.

BDS Sports Office

This association was created to bring students together around sporting activities.

The BDS (Bureau des Sports) offers a wide range of activities so that everyone can exercise in a spirit of conviviality.

Events are planned throughout the year, including Olympiads, laser tag and soccer, all very popular with the students! What's more, the BDS also regularly organizes social events to encourage exchanges (table soccer, game board...). You'll also be able to watch your favorite TFC and Stade Toulousain player.

Furthermore, students will have the opportunity to buy original gifts, and we're also organizing a competition to win some of them.

These events and activities are open to the whole school community, so you'll be able to meet Bachelor, Master and PhD students, as well as members of the TSE Alumni network!

The TSEconomist

The **TSEconomist**
Student Magazine

The TSEconomist is a magazine produced and designed by TSE students. Students publish this magazine to help develop its readers' critical thinking skills and connect researchers, TSE Alumni, and the school's students, bringing the TSE Community together around debates on major social issues.

The association encourages motivated students to join to work on various activities which precede the creation of each edition:

- write articles and conduct interviews
- cover events on campus
- collaborate in the design of the magazine
- read articles and make corrections (proof-reading)
- promote the TSEconomist
- become a member of the committee

If you wish to get involved in this project or bring new ideas to the table, contact them!
