**Course Objectives - Objectifs du cours :**

The course intends to provide students with general principles of industry regulation and expose them to market regulation in network industries. It deals more specifically with regulation in the telecommunications, payment card, and air transport industries. The lectures will be based on academic papers as well as real-world regulatory practices.

**Prerequisites - Pré requis :**

M1-level microeconomics and industrial organization.

**Grading system - Modalités d'évaluation :**

Grading will be based on assignments and/or a final exam. More details will be provided during the first session.

**Bibliography/references - Bibliographie/références :**

References will be provided in class

**Session planning - Planification des séances :**

Part 1: General Principles of Industry Regulation (Yassine Lefouili)

Part 2: Regulation of the telecom industry (Yassine Lefouili)

Part 3: Regulation of the card payment industry (Yassine Lefouili)

Part 4: Air transport regulation (Estelle Malavolti)

**Distance learning – Enseignement à distance :**

Distance learning will be implemented if needed and will involve a mix of interactive virtual classrooms and assignments.
